Guidelines

All proposal papers will be reviewed by the FSDC.fi conference committee. FSDC.fi conference committee will seek outstanding presenters to submit high-quality abstracts that clearly indicates the content of the session.

Below are examples of interest cloud topics:

- C#
- WPF/UWP
- HTML, CSS, JavaScript
- Modern JavaScript-development (e.g. AngularJS)
- Relational or document databases
- Oracle, Azure, AWS, Google or other cloud technologies
- Version control (e.g. Git, Mercurial, TFS)
- Unit testing (e.g. NUnit, xUnit)
- API
- React, Reactive, Rx
- Bitcoin, blockchain
- Customer success stories or case studies
- DevOps
- Security
- Data, analytics
- Demo sessions
- Best practices, tips & tricks

Session titles should be descriptive of the content to be presented. Write the abstract easy way to read. Add to abstract a short speaker introduction with image and presentation difficulty level. Standard presentation time is 45 minutes. No fees are paid for the speakers.

Medium of Publication

- Medium of Publication: PDF file format is preferred (PPT files are accepted)
- Language of Publication: English
